Re: United States v. William Weiner, 22 Cr. 19 (PGG)

Dear Judge Gardephe:

I write to update the Court on Dr. Pukenas' progress in preparing his MRI-by-MRI assessments. As the Court is aware, Dr. Pukenas is a practicing radiologist with patient-care responsibilities during the work day. He worked diligently over the past weekend, and is spending time every evening on finalizing the written disclosures. Yesterday, however, a powerful storm caused widespread power outages in the Philadelphia area. Those power outages caused Dr. Pukenas to lose an evening's worth of work. Thus, although he will endeavor to meet the Court's production deadline, he may need an additional 24 hours to complete his review. Should that be the case, the defense will attempt to mitigate any prejudice to the Government by making an interim production of at least 60 cases by the Court's deadline. In addition, the defense will not object should the government request a one-day adjournment of the trial date under the circumstances.

Respectfully Submitted,
